

Lamped.co.uk Hosting Plans and Fees

All hosting packages have unlimited FTP accounts, email accounts, MySQL databases and sub-domains. Please bear in mind that FTP storage, emails and databases will count towards your disk quota.

Shell access is available to all customers on request, and subject to a password strength policy.

Packages VCH1000 upwards can be provided as a reseller account on request, enabling you to create accounts for your own clients. Please read our section on reseller accounts first.

Brief Terms of Use:

We do **not** allow:

- Anything that is illegal in the United Kingdom,
- Pornography or sexual content of any kind,
- Hate speech or anything that may incite others to do harm,
- Copyrighted material for which you are not licensed to distribute,
- Malicious scripts, IRC bots, torrents, any activity designed to circumvent the security of the server,
- Scripts that place an undue burden on the server.

If you are unsure if your use of the Lamped.co.uk servers would breach any of these terms, please contact us and we will be happy to discuss the matter. We reserve the right to delete any content without notice, though will of course make every endeavour to discuss the matter with you first.

Policies:

- Email may be up to 30 mb (both incoming and outgoing). Please remember that many servers are more restrictive than this, and despite our policy, a 30 mb email still may not be received.
- Emails sending is limited to 20 per hour, per account. This is an anti-abuse measure primarily to protect our users against spam blacklisting. If you require more, please contact us.

Software:

- PHP 5.3, updated regularly within the minor branch for security updates.
- PHP extensions include: suExec/suPHP, gd, mcrypt, PDO, TTF, SQLite, IonCube.
- MySQL 5.5.
- ImageMagick is available on request.

Lamped.co.uk Managed Hosting

Unmanaged:

Our standard hosting is unmanaged. You are provided with the cPanel control panel which allows you to not only manage, but fine-tune most of your hosting package. For a demonstration of cPanel, please see:

<http://cpanel.com/products/cpanelwhm/try-demo.html>

Semi-managed:

Some technical aspects of the hosting may be daunting for some. For those not comfortable managing the more heavy-duty parts of their hosting, we can offer advice and make a number of modifications for you, like transferring your data to our cloud servers. This level of service is included for all customers using our cloud hosting.

Managed:

Customers who would rather not manage their hosting, for any reason, may wish to have Lamped.co.uk take charge of every aspect of their online presence. For an additional fee of £200 per year, you will be provided with a 24/7 emergency contact number, just in-case your website experiences difficulties. We will make any modifications to your hosting, email, domain names and so on. Most importantly, managed sites are not automatically restricted in the case of space or bandwidth excess.

Lamped.co.uk Reseller Accounts

We can provide reseller accounts on request for packages VCH1000 and above. Customers' clients will be expected to adhere to the terms laid out in this document, and it will be the customers' responsibility to enforce this.

Repeated failure for accounts managed by a reseller to adhere to the terms laid out in this document can result in the closure of all accounts managed by the reseller and the reseller account itself. Obviously this is a last resort, and we would communicate with our customers to ensure this does not happen.

Lamped.co.uk Additional Services

We specialise in developing state-of-the-art web applications using Linux, MySQL, PHP and Javascript (the L, M and P in LAMP, and part of the basis of our name). We can create new and innovative server and client solutions to meet complex needs, with security and scalability at the core of all of our work.

In addition to our development work, we can provide web design, SEO and internet marketing services.

Our hourly rate is £20 for marketing, optimisation and smaller scale PHP and Javascript development. Our hourly rate is £30 for advanced PHP and Javascript or projects requiring server deployment and customisation.

We can provide and manage virtual and dedicated servers. Contact us for up to date pricing.

Please contact us for any enquiries at sales@lamped.co.uk.
